HEITMAN IN THE TOILS

Again Arrested on Charge of Selling Intoxicating Liquors.

Mr. Ferguson Happened to Have Wrong Valise.

was not found on Mr. Berns, and the officers have a suspicion that he sold it.

Police Judge Hamilton is not for those who neither toll nor spin. This was discovered by Mr. McBride, externely colored, who was given a hearing on the charge of vagrancy last evening. McBride had been collected by Officer C. A. Smith, who caught him working overtime at his trade, viz. nothing at all. After sazing at and through the victim hizzoner remarken that he could go, but if he was not caught at work before Saturday morning be hadn't better be caught at all. McBride left his heartfelt thanks.

Chas. Heitman, who has suffered arrest under every administration for quite awhile because he chose to sell booze. Is in it again. He has troubles airready yet in this line. Just now he is awaiting the result of his last district court conviction, which he appealed to the supreme irribunal. He also has an appealed case from police court. Notwithstanding all this, the cruel coppers went out yesterday and plached him again on the same old charge.

By Injection of Anti Toxin Into the

REACHED THROUGH WINDOW FOR

also the shoes he wore when arrested, were part of the contents of a valise he removed from a Rock Island car at McFarland the night before he was arrested. The valise belonged to a Rock Island porter, and Mr. Ferguson poked himself into the car window to get the goods. He also told where the rest of the loot was to be found.

The police nine is practicing hard to-day to get ready for tomorrow's game with the asytum, and incidentally hoping that it will rain.

From Nervousness

ARTIFICIAL RUBIES.

They Can Be Made to Deceive All Through Dr. Miles' but an Expert.

New York, July 30.—In connection with recent decisions by the general board of appraisers regarding duty on imitations of precious stones, a well known jewelry expert of this city, through whose hands millions of dollars worth of precious stones have passed, declares that rubies, besutiful in color and rivaling the natural gems, are today easily produced from the chemist's crucible. The secret of their production, which he says, was known in France years ago, but was kept secret, lies in the manner of fusing a number of small, cheap stones into a single large one. It is said the manufactude is now being carried on extensively in several European countries sively in several European countries and only the most experienced examiner can detect the difference between the real stones and those from the crucible.

WON THE GOODWOOD CUP. Rabelais Captures Purse of 2,000

MORRISON'S SIDE OF IT. Emporia Pastor States Case for Which

Orr Attacked Him.

Orr Attacked Him.

Emporia, Kan., July 32.—The official board of the First Methodist church has had the case of the Rev. D. S. Morrison, who was horsewhipped last Saturday evening, under consideration, and has unanimously passed a resolution expressing confidence in his purity of character and rectitude of life. They have also furnished this statement for publication:

Mr. Morrison states that he was at his hydram in his front yard sprinkling the grass, when the Orr child crossed over to him. When through sprinkling he picked up the child and stood with it in his arms talking to its mother, who stood near all the time. In putting the child down her clothing slipped up, when the minister patted the little bare leg of the 6-year-old child. This, he affirms to be the entire truth of the occurrence.

Relief

and Insomnia

Nervine. I Use

Dr. Miles' Anti-Pain Pills For Headache.

"I have been troubled greatly with sleep-lessness and nervousness for twenty-five years. I have never taken Dr. Miles' Nervine steadily for a long time but it never fails to heip me when I do take it. In addition to this I can say that my general health is much better since my occasional use of Nervine, than it was several versage. I have used Dr. Miles Anti-Pain Pills for nuralgus and nervous headaches and have always had prompt relief. The headaches usually occur at intervals in the morning and by taking a Pain Pill when I feel the headaches coming on I can prevent the attack entirely. My husband is also subject to headaches and finds the same relief from the Anti-Pain Pills that I do. We are perfectly willing that you should use our names because of the relief we have found in using Dr. Miles' kenned cs."—Mrs. W. H. Beards-Ley, Mossow, Idaho.

Miss Edith Moore went to Chicago Sunday to take a six weeks' course in English at the Chicago university.

Miss Higgins expects her sister, Mrs. L. W. Kennedy and her niece, Mrs. Herman Rock, from Lake Charles, La., to visit her soon.

WOMEN WHO BAKE,

Many Earn a Living in Topeka With Their Cook Stoves.

One hundred loaves of bread a day would seem an impossible baking to the average cook and housekeeper, but there are at least five Topeka women who make that much daily, and they are not employed in the bakeries either, but accomplish the feat in their own kitchens and with ordinary cooking ranges. They supply the women's exchanges and the grocery stores with home-made bread every day the year round.

meets your anxious look with: "Pardon, But.—Estella's out of town!" I hear repeated Every hour in the day:
By each vagrant breeze I'm greeted, "Out of town, away—away!" But the postmen, Cupe's abetters, Shore any my every frown, Shore any my every frowners, Now Estella's out of town.

-the parties who originated and circulated, the rumor that "Force" Food contained drugs or other injurious ingredients. \$5,000, additional will be paid to

\$5,000. Reward

for the Arrest and

Conviction of-

anyone proving that "Force" does, or ever did, contain any drug or other injurious or unhealthful ingredient, being composed solely of Wheat and Barley, with a seasoning of table salt, steam cooked, flaked, and roasted.

Do us the justice, if you question the absolute purity or healthfulness of "Force," to send a package to the Health Department of your city for analysis.

The "FORCE" Food Company. BUFFALO, N. Y.

Massachusetts College of Pharmacy.

The "Force" Food Company, Buffalo, N. Y.:

GENTLEMEN—A rumor having reached me that your product, "FORCE," contained injurious ingredients, I took the occasion to analyze it, in the interest of my own family and of some friends who are liberal users of it.

It may interest you to know that I found it consisted exclusively of Whole Wheat, Barley and Salt, and is absolutely free from any injurious elements whatever.

whatever.

Permit me to express my sincere regret that such a serious and baseless rumor should gain footing with the public.

You are free to use this letter in any way that will help to do your product justice.

Yours truly,

WILBUR L. SCOVILLE.

Massachusetts College

of Pharmacy. BOSTON, June 30, 1903.

BOSTON, June 30, 1903.

To Whom R May Concern:
At the invitation of The "FORCE" Food Company, of Buffalo, I have visited their Mills and made a careful examination of the materials from which "FORCE" is prepared, and the processes which convert it into its finished condition.

I found that "FORCE" consists exclusively of what my previous analysis indicated, viz.: Whole Wheat and Barley, with a flavoring of Table Salt, flaked, cooked and sterilized by 800 degrees of heat.

A feature of the manufacture which impressed me considerably was the fact that the process is entirely mechanical, the lood being prepared, cooked and boxed by machinery, without ever coming in contact with the hands or clothing of the mill operatives.

I was also gratified to note that an experienced Chemist daily supervised the entire output, and that each day's manufacture was also tested by an expert cook.

Signed, WILBUR L. SCOVILLE, Professor of Theory and Practice of Chemistry.

University of Buffalo,

The "Force" Food Company, Buffulo, N. Y...
GENTLEMEN-In view of the rumors regarding the alleged adulteration of "FORCE," it has been a satisfaction to me to visit your Mills, investigate, and

satisfaction to me to visit your Mills, investigate, and analyze your product.

You are free to publish this statement made over my eignature, that I found "FORCE" to be absolutely pure, consisting solely of Whole Wheat and Barley, flavored with table Salt, and free from any injurious substance whatever.

I examined, in detail, the various steps in the manufacture of your product, such as the steam cooking, the flaking and the roasting, as well as the packing, and find all to be remarkably clean and of absolute healthfulness. The final roasting is done at a temperature above 300° F., which, with the steam cooking, completely sterilizes the product, and the entire process, from the first step to the final sealing of the puckage, is a mechanical one, the product at no time coming in contact with the hands or clothing of the coming in contact with the hands or clothing of the persons handling the machines or packages.

Very respectfully,

HERBERT M. HILL,

Chemist to the City of Buffalo.

See page 148 of "Cereal Breakfast Foods," Bulletin No. 84, of the Maine Experiment Station, a State Institution, which has analyzed "FORCE" with other foods, in the public interests.

Copy will be mailed free on request.

Refer also to Canadian Government Bulletin 84 on similar subject, pages 6 and 59, for analysis showing that "FORCE" consists solely of the most wholesome and nutritious ingredients.

Any inquiries concerning this subject will be cheerfully answered by

THE "FORCE" FOOD COMPANY,

POLICEMEN SCARCE.

Insane Woman Created Excitement

An insane woman named Miss Hattle Gunn, brought to Topeka a few days since for admission into the state hospital for the insane, escaped from the home of W. C. Fisk at 422 West Sevenih street Wednesday afternoon and attracted considerable notice on Kansas avenue before she was taken home by her friends. She will be placed in the asylum today.

The woman appeared emaciated and

The woman appeared emaclated and The woman appeared emaciated and ill. Near Ninth and Kansas avenue she approached several persons and de-manded payment of an imaginary debt, saying she had been defrauded of prosaying she had been defrauded of pro-perty. She was greatly agitated and al-though small in size fiercely resisted the efforts of a man who attempted to hold her while the police were being se-

house at which he was stopping. In passing along the edge of a ravine he stepped into a hole covered by undertrush and fell 20 feet, the back of his head striking a sharp rock. The injury soon afterward proved fatal.

Monkey Got Drunk.

A representative of the Floto shows related a humorous incident which hap-pened at the winter quarters of the shows:

had been ill and the doctor prescribed small doses of whisky daily. The monks showed a fondness for the firewater from the start and a careless attendant leaving the bottle within reach, was astonished to find on his return half of the troupe badly under the influence. They staggered like their human brothers, chattered like mad, and finally fell asleep full as goats. Imbibing firewater is not their only accomplishment how-
